

Spring semester in Nutritional Sciences

January 17th to May 12th, 2017 – All courses are taught in English

Welcome to LaSalle Beauvais - Esitpa
The leading French “Grande Ecole” for Food and Health studies.

Objectives

Students will better understand the complex relationships between food chain, dietary habits, and human health as consumer and public health issue.

Course work includes human physiology, nutrition, nutrigenomics and epidemiology with emphasis on European or Mediterranean nutrition and health.

CREDITS

Choose the number of credits required by your home institution from among the 30 ECTS credits offered (at least 18 ECTS are compulsory)

+ 2 ECTS credits for French as a Foreign Language course.

Careful: 2 European credits (ECTS credits) are equivalent to approximately 1 US credit.

Tuition

- Erasmus+ students (from an Erasmus+ partner university): tuition waived
- Exchange students (from a partner university/with a cooperation agreement): tuition waived
- Other students: €3500+ €50 (non-refundable application fees)
(field trip and campus fee are included to the program charges)

Fees (2015 - 2016)

- Residence hall: €483/month for a single room, €260/month for a shared room
- Campus Fee: €100/year (Erasmus+ and Exchange students)
- Room insurance: €39/year
- 3-day-Field trip in May: €250 (Erasmus+ and Exchange students)
- Health insurance (compulsory for non-European students): ≈ €215/year
- Catering: ≈ €3,20/meal (breakfast is free)
- Transportation/bus: €8/month (monthly pass)
- Equipment to bring: lab coat, laptop, plug adaptor

Admission requirements

Agriculture or Food sciences: juniors, seniors or Master degree students from an accredited institution.

English: an advanced intermediate level is required: 785 TOEIC, 567TOEFL paper (or 227 TOEFLcbt, 87 TOEFLibt), 6.5 IELTS.

LaSalle Esitpa in Beauvais

The scenic 25 acre campus, surrounded by 75 acres of private woodland, is located north of Beauvais. Students enjoy a full range of services: a dining hall, open 7 days a week, residence halls with web access, access to laundry facilities, a gymnasium, and a student center where you will meet the members of the student government and the different student organizations. Modern learning facilities include a library, and 150 computer stations, all open 7 days a week.

 National Holiday
 Classes

Examinations are usually planned at the end of each week, except the ones mentioned in red.

Study in France

The “Grandes Ecoles” are unique to France. They were created in the late 18th century in order to offer outstanding scientific education to the country’s future engineers. LaSalle Beauvais - Esitpa, founded in 1854, belongs to this tradition. Studying on our campus will not only give you access to excellence in education; you will also have the opportunity to live in the country that invented “savoir-vivre”, the art of living well! The former Picardy region (Hauts-de-France), home of LaSalle Beauvais - Esitpa, is well known for its beautiful villages and its inspiring Gothic cathedrals. No wonder France is the most visited country in the world. Did you know that? Known for its gastronomy, wines and cheeses, France is a large country of amazing geographical variety. You will meet people who are proud of their cultural heritage, their lovely countryside, and their quiet towns and fine restaurants.
