

Electronic Recommendation Request

Some programs require letters of recommendation. The system will tell you how many recommendations are required, normally two. All letters of recommendation must be requested and submitted online.

All ISU affiliate programs (AIFS, Amerispan, AustraLearn, Central College Abroad, CEA, ISA, IFSA-Butler, Study Australia) require their own recommendation forms and cannot use letters submitted via the ISU online system. You do not need to submit these forms to the ISU Study Abroad Center.

Once your letters of recommendation have been either submitted online or received by our office, a checkbox will appear next to the recommender's name in the "Received" column.
