I – INTRODUCTION

Welcome to Lyon: Heart of Europe!

ISARA-Lyon is located in Lyon, in the south-east of France, in a **very dynamic environment close to companies, research centers and professionals** working in agriculture, food industry, rural development and environment sectors.

The **second-ranking city in France** in regard to its number of students, Lyon possesses a rich **cultural and gastronomic tradition and an 'old town' which was declared a World Heritage Site by UNESCO**. Our lively city will offer you an exceptional **quality of life**.

Studying in Lyon is indeed an opportunity for the city's 130,000 students to take advantage of **fascinating sites and events**, including the evening parties organized on barges, the renowned Light Festival (Fête des Lumières), the international Dance Festival (Biennale de la Danse), the Nuits de Fourvière music, dance and theatre festivals held outdoors in an ancient Roman Amphitheatre, or, if you prefer, free organized roller-blading tours offered every Friday to discover Lyon by night...

Apart from culture, gastronomy and sports, Lyon is also a big city which has remained convivial and is easy to explore on foot. You will have the chance to take part in a variety of leisure activities, thanks to Lyon's favorable situation **near the mountains and the sea**.

The **natural diversity of this area** (Mediterranean and temperate climate, plains and mountains) provides easy access to a **wide range of activities related to agriculture and food**: various crop products (fruit, cereal plants, vines, and vegetables), cattle breeding, and many other activities which are strongly linked to a huge network of food-processing industries.

ISARA-Lyon is situated at AGRAPOLE, **an excellence cluster created by Rhône-Alpes local authorities**, specialized in agriculture and food, which includes over fifty professional organizations working in these sectors.

Agrapole - ISARA-Lyon

ISARA-Lyon was created in 1968 to train students to become managers specialized in agriculture. ISARA-Lyon delivers an engineer diploma (master level diploma accredited by French State), international masters and professional bachelors.

From its creation, rural development has been an important part of ISARA higher education and research activities.

In the 1980's, ISARA's fields of activity expanded further to include domains in relation with **agricultural marketing and management, agrifood technologies and the environment**.

New curricula were created, among which the vocational engineering training (MSc level), a specialized post-master diploma, a professional Bachelor of Sciences, engineering training in apprenticeship (MSc level), 2 MSc in Agroecology and, 1 MSc in Sustainable Food Systems.

Applied research, study, consulting and expertise activities have also been developed by ISARA-Lyon in the last 20 years. These activities play a very important role in our higher education programmes by **improving professors' skills, creating linkages with professional and scientific stakeholders, developing ISARA's reputation, among other benefits**.

ISARA-Lyon develops its higher education and R&D partnership in the Provence-Alpes-Côte-d'Azur area with the integration of ISEMA (Institut Supérieur Européen de Management Agroalimentaire) and also by being a member to the "Fruits & Vegetables" Cluster.

In April 2007, ISARA-Lyon moved to the Gerland district, an area which has gained importance in the city due to scientific and biotechnological development.

How to get to ISARA-Lyon?

From Lyon Part-Dieu train station to ISARA-Lyon:

- At Part-Dieu station, take the exit “**Vivier Merle**” to find the subway
- Take the **subway line B** (blue) toward “Gare d’Oullins”
- Get off the subway at “**Stade de Gerland**”
- Take the exit “Parc Relais TCL” (up two flights of stairs)
- Walk straight for 50 meters; then turn on your right and cross a large parking lot. On the other side of the parking lot, you will find the street “Jean Baldassini”. Continue walking straight. **ISARA-Lyon** is located 100 meters down this street, on your left

D - ACCOMODATION

There is no student hall on ISARA-Lyon campus.

Here are the different possibilities:

The CNOUS is the French National Student Service and the CROUS is its regional branch dealing with the student welfare organization. A room in a **CROUS Student Hall** is allocated first to French students who have low incomes. With our partner IPL (Institut Polytechnique de Lyon) we have an agreement with the CROUS and our International students can benefit from a room in the different CROUS residences.

⚠ You cannot book these residences yourself.

To book a room there, you must send your Accomodation Form (included in the [Application Form](#)) filled in and signed to Sigolène VERNERET.

Since the demand is very high and because only few rooms are available, there are 2 constraints:

- you have to send your accommodation application to Sigolène Verneret as early as possible.
- you must agree to rent a room for a full period (For example: from July/August to the end of December **and/or** from the beginning of January to end of June/July).

Accommodation will be given on a first-come, first-served basis and according to ISARA's possibilities.

Description of the room:

A 10 m² furnished room including bathroom and toilet.

The kitchen is shared. No kitchenware. Bed linen is not provided but can be lent for 10€/month.

The price for 2015-2016 is 264€ / month. There are some possibilities to rent a studio for 397€ / month.

Students can opt for alternative accommodations:

For these possibilities, ISARA-Lyon will not be in charge of the booking.

- to be hosted by a **French family** in Lyon: www.expats-agency-lyon.com or contact Sigolène Verneret
- to live in an **intergenerational cohabitation**: <http://www.esdes-intergenerations.net/> & [le Pari Solidaire Lyon](#)
- to rent a small apartment in a **private student Hall** (18 to 40 m²)
<http://www.studilodge.fr/international-student.html>

For more information about CROUS student halls, please check the [appendix 1](#) and contact them directly.

Housing insurance

⚠ You will be required to subscribe to a **housing insurance** in the first days of your arrival, whichever housing choice you make. We suggest as an example the services of the [ADH](#), which offers both civil liability and housing insurance for a very affordable price (basic "Formule 2" is 26.02€ and covers you for a year).

E - HOUSING ALLOWANCE

CAF (*Caisse des Allocations Familiales*) is a family benefits organization. As a student renting an apartment in France, you are eligible for a housing allowance - called "*Aide Personnalisée au Logement*" (APL) - provided by this organization. The amount depends on the location of the apartment, its surface area and the revenues of the student.

To **apply online** - www.caf.fr - you need:

- Your complete address in France.
- Your French bank details.
- Your email address.

When the online application is done, you need to **set up a file**. The following documents need to be joined to the file and sent to the address given on the file:

- A « *demande d'aide au logement* » form, completed by you.
- An housing attestation, completed by your landlord or CROUS.
- Your civil status documents (i.e ID, passport, birth certificate or family record book).
- Non-EU nationals: a student visa + a copy of your passport showing the "OFII" stamp.
EU nationals: a proof of student status + a copy of your European health insurance card + a formal statement of sufficient resources.

!/\ Every documents from your country MUST be translated into French by a sworn translator in France.

You can find the 2015 [list of sworn translators online](#) or refer to the International Relations department representatives for more information.

Please note that there is a **waiting period** ("délai de carence") of 1 month once you have completed and sent your file to the CAF. The CAF will therefore NOT pay the allowance for 1st month spent in the apartment. For example, if you are arriving in September and declaring your file to CAF only in October, you will receive the APL only from November on.

F - BANK ACCOUNT

Once in Lyon, you can open a bank account. A French bank account is mandatory if you want to apply for housing allowance.

How to open a bank account in France?

- Take an appointment per phone or go directly to an agency.
- Bring:
 - your passport.
 - your visa.
 - a housing attestation.
 - the ISARA-Lyon attestation of enrollment.
 - a scholarship attestation if you have one.

Usually, opening a bank account for a relatively short period of time is free. However, prices depend on the agency. For example, Crédit Agricole offers a 1-to-3€ cost for the 1st year (then 23.70€ per year) for students under 25 years old. The offer also supplies a MasterCard that you can use abroad with no additional cost.

!/\ Do not forget to close your account when you leave France.

If needed, bank agencies also provide housing insurance for student.

G - HEALTH AND INSURANCE

Upon arrival and if you don't have one already, you must subscribe to a civil liability insurance (Responsabilité Civile) which protects you for many types of claims/ damage. (Around 16-25€ with LMDE or SMERRA)

If you **are** a citizen of the **European Union (EU)** or a **European Economic Area (EEA)**:
Please bring your European Health Insurance Card. Please check the expiry date.
It will exclude you from the mandatory subscription to the French Health Insurance System.

If you **are NOT** citizen of the **European Union (EU)** or a **European Economic Area (EEA)** and if you will stay in France for more than 3 months, you **must** subscribe to the French Students' Health Insurance Scheme (215€ for one academic year – price valid for 2015-16).

You will have the choice between two students' health insurance scheme: LMDE or SMERRA. If needed, they can also provide fairly-priced home insurance for students.

Students **over 28 years** old are not eligible for the students' health insurance scheme. They must subscribe to a private insurance. You can find it with **LMDE** (Couverture étudiant étranger) or with our partner **Asselio**, (Insurance Crystal Studies), a private insurance adapted for foreign students over 28. If you want more information, please contact Sigolène VERNERET, she will put you through our partner.

If, in your home country, you do not have any complementary insurance to cover your expenses not reimbursed by the basic Health Insurance Scheme, you are strongly recommended to subscribe one in France. Sigolène Verneret will give you more information once you are at ISARA-Lyon.

Please consider that these options can be less expensive and more adapted than insurance in your home country. If you have bought a private insurance in your country, please check if the repatriation insurance is included.

English-speaking doctors in Lyon

To help you, this website, defined by American authorities, provides a list of **English-speaking general practitioners and specialists available in Lyon**, French emergency numbers, a list of the main hospitals and pharmacies as well as their location. Alternatively, the **French social security website** <http://www.ameli.fr/> is a mine of information that can provide you with the names and address of all practitioners in any city in France (along with the French Yellow Pages).

Practical hint: the French social security website allows you to choose a doctor based on criteria such as "honoraires sans dépassement", meaning this doctor will not charge any extra fee on top of the regulated price (23€ consultation).

H - CELLPHONE PLAN

There are several telephone operators in France, offering a wide range of cellphone plans. We suggest you ask for a plan "sans engagement" (without obligation). Getting a cellphone deal through a mobile virtual network operator is usually more affordable (for example: Free, Virgin Mobile, Sosh, NRJ Mobile, etc.)

⚠ Please note: To get a cellphone plan you MUST open a bank account beforehand and provide a French address. Do not forget to close your cellphone plan.

I - PUBLIC TRANSPORTATION

Map available in [Appendix 4](#)
